ADDITIONAL ASSESSMENTS

Include the name of the additional assessments and the number of times you would like them loaded:

Assessment Name	Frequency*	Assessment Name	Frequency*

*More that 4 loads of any single assessment per year may count as multiple assessments. Speak with your representative for details.

DATA LOADING INFORMATION

Data will be loaded within five (5) days of the dates selected by the District. Upon completion of the Data Loading Order Form our Data Loading Specialists will reach out to confirm the load dates for the assessments you have selected. If customized dates are not provided, the data will be loaded on the following default load dates:

End of Fall: 12/11 - 12/13

End of Winter: 3/11 - 3/13

End of Spring: 6/10 - 6/12

If you are utilizing one or more of our automatically migrated assessments, such as STAR or i-Ready, they will not count as an added assessment with the State +5 or State +10 package. However, please add to order form so we can obtain your testing windows.

State: No data is needed from the district. However, School Data Solutions must have access to EDS and ORS/TIDE.

State +5 and +10: The district must forward necessary assessment data electronically as an Excel file by the required load date. Alternatively the district can assign access credentials to School Data Solutions. School Data Solutions will continue to bill the district each year, the annual fee selected on the Data Loading Order Form, unless a new form is provided by the district. Modifications to assessment selection requires a new Data Loading Order Form.

DISCLAIMER

ANY UPDATES OR CHANGES TO LOAD DATES MUST BE SUBMITTED TO SCHOOL DATA SOLUTIONS AT LEAST FIVE (5) DAYS IN ADVANCE. SCHOOL DATA SOLUTIONS IS NOT RESPONSIBLE FOR INCORRECT DATA RECEIVED. CLEANUP OF DATA, INCLUDING BAD STUDENT IDS, WRONG YEARS, OUT OF RANGE SCORES, OR CUSTOMIZATIONS TO NEW OR CURRENT TEST STRUCTURES WILL BE BILLED AT AN ADDITIONAL RATE OF \$35 PER HOUR.
